Charity, Humility, Excellence, Mission

Motto

Semper Altius – Latin for 'Always Higher'

This phrase embodies the school's spirit of continually striving for excellence and challenges staff and students to reach their highest potential in all areas.

Catholic Identity & Charism

Pinecrest Academy is a Regnum Christi school and this shapes our mission to focus on the personal nature of faith in Christ, encouraging our students, families and faculty to have a living relationship with Jesus. A member of RC Education, Pinecrest Academy is part of an international network of Regnum Christi schools and universities. More than just an independent school, Pinecrest leverages the educational and formative resources of RC institutions across the world.

Philosophy of Education: Integral Formation

Pinecrest Academy embraces a philosophy of education rooted in integral formation, reflecting a deep commitment to educating the whole child. Integral formation describes a four-pillared approach focused on the harmonious development of all dimensions of the human person: intellectual, human, spiritual, and apostolic. The school believes that true education fosters the growth of the mind, body, spirit, and heart, forming students who are well-rounded and equipped to live lives of purpose and service.

Intellectual: Mind

Seeking truth and understanding while developing curiosity and an innate thirst for knowledge.

Human Formation: Body

Elevating the dignity of our students by helping them develop virtue, character and collaboration.

Spiritual Formation: Spirit

Fostering a relationship with Christ through prayer and sacraments.

Apostolic Formation: Heart

Cultivating compassion and servant leadership through service and mission.

Putting this philosophy into practice, through the loving guidance of our teachers, Pinecrest Academy challenges its students to identify, develop, and use their gifts in service to others.

Recognizing the parent as the primary educator of the child, Pinecrest's mission, to form Christian leaders who will transform society, embraces the entire family. The school provides a safe, moral, and spiritual environment which leads to positive peer groups and joyful, caring, confident students.

Academics

Academics at Pinecrest Academy are rooted in a commitment to excellence within a Christ-centered environment that integrates faith and reason. Across all grade levels, the school provides a rigorous, college preparatory curriculum designed to develop strong foundational skills, critical thinking, and a love of learning. Guided by the philosophy of integral formation, Pinecrest intentionally forms the whole child by cultivating intellectual growth alongside spiritual, human, and apostolic development. Small class sizes, personalized attention, and a cohesive PreK–12 program ensure that each student is known, challenged, and supported at every stage of their academic journey.

Early Childhood (PreK3-Kindergarten)

The Early Childhood program at Pinecrest Academy provides a nurturing and engaging introduction to school life, blending structured learning with purposeful play. Students build early literacy, numeracy, and social skills through a hands-on, developmentally appropriate curriculum enriched by art, music, movement, and language. Classrooms foster curiosity, independence, and confidence while introducing students to habits of learning and community life. Rooted in a faith-filled environment, young learners begin to understand their identity as children of God and develop a joyful foundation for future academic and personal growth.

Lower School (Grades 1-5)

The Lower School builds upon this strong foundation by introducing a more structured and academically rigorous program that continues to foster curiosity and confidence. Students engage in a comprehensive curriculum that emphasizes reading, writing, mathematics, science, and social studies, complemented by enrichment opportunities in the arts, language, and physical education. Instruction is designed to promote critical thinking, collaboration, and independence, while teachers provide individualized support to meet the needs of each learner. Faith and character formation remain central, helping students grow in virtue, responsibility, and a deeper understanding of their role within the community.

Middle School (Grades 6-8)

The Middle School program challenges students to take greater ownership of their learning as they prepare for the transition to high school. With increased academic rigor and higher expectations, students develop strong organizational skills, intellectual independence, and the ability to think critically across disciplines. At the same time, the program intentionally supports the unique developmental needs of early adolescence, emphasizing character formation, mentorship, and personal responsibility. Within a supportive and structured environment, students are guided to grow in confidence, deepen their faith, and emerge as capable, thoughtful young leaders ready for the next stage of their academic journey.

High School

The High School prepares students to excel in college, lead with conviction, and serve with purpose. Through a rigorous college preparatory curriculum, students are challenged to think critically, communicate effectively, and pursue intellectual excellence across a broad range of disciplines. Advanced coursework, leadership opportunities, athletics, fine arts, apostolic service, and extracurricular activities encourage students to discover and develop their God-given gifts while preparing them for success beyond graduation. Rooted in Pinecrest Academy's philosophy of Integral Formation®, the High School intentionally forms young men and women of faith, virtue, and character who are equipped to discern their vocation, engage the world with confidence, and become Christian leaders committed to transforming society.
